WORK EXPERIENCE

E-commerce App
Self-Employed / Freelance

- Tech Stack used Next.js, Drizzle ORM, Zustand, Neon DB
- Created a modern product listing page with filters, search, and cart functionality. Included admin panel for product management.
- Built dynamic **product listing pages** with search, category filters, loading states, and responsive design for optimal user experience.
- Integrated **backend APIs** using **Express.js and Drizzle ORM** to handle CRUD operations and database communication.
- Implemented a fully functional **shopping cart system** with state management using **Zustand**, ensuring seamless item addition and removal.

Next Gen Club Website with Admin Panel
Self-Employed / Freelance

- Tech Stack used Next.js, MongoDB,Mongoose,Zustand, Tailwind CSS
- Developed a quiz platform with subject-wise MCQs, real-time scoring, and a clean, responsive user interface. Supports dynamic question loading and state management for smooth user experience.
- Implemented JWT-based authentication to ensure secure user login and role-based access control.
- Integrated **backend APIs** using **Express.js and Mongoose** to handle CRUD operations and database communication.
